DIV OF OIL GAS & MINING

July 5, 2005

Dear Lyn or JoElle

As per our conversation on July 5, 2005, Sawtooth Stone Supply was not successful in obtaining the permit from the BLM in a timely manner to satisfy STLA and was not willing to post a bond for a reclamation that was done by Bonneville Quarries without the necessary permits.

We have withdrawn any activity at the Green Beetle Quarry and respectfully request all original and copies of any documents of Sawtooth Stone's pertaining to this permit.

Respectfully,

Bruce N. Mitchell

P.S. Lyn
